SUMMARY

Passionate Frontend Developer with over 2 years of experience building dynamic, responsive web applications using React, JavaScript, TypeScript, HTML5, and CSS3. Expert in optimizing performance with modern build tools like Webpack and Babel, integrating RESTful APIs, and implementing scalable solutions. Adept at ensuring compliance with WCAG accessibility standards and cross-browser compatibility. Eager to deepen expertise in micro-frontend architecture and cloud technologies such as AWS. Recognized for delivering high-quality, pixel-perfect interfaces that align with UX/UI best practices.

TECHNICAL SKILLS

- **Frontend Development**: HTML5, CSS3, JavaScript (ES6+), TypeScript, ReactJS, Redux
- **Responsive Design**: CSS Grid, Flexbox, Media Queries, Tailwind CSS
- **Version Control**: Git, GitHub
- **API Integration**: RESTful APIs
- **Build Tools**: Webpack, Babel, NPM
- **Backend Basics**: Java, Node.js, SQL
- **Cloud & DevOps**: AWS (Basics), CI/CD
- **Collaboration Tools**: Agile Methodologies, Kanban, Microsoft Teams

WORK EXPERIENCE

Autovalue Systems   **Bengaluru, Karnataka**
Associate Software Engineer   **Dec 2021 - Present**

- **Frontend Development & API Integration**: Developed scalable React and TypeScript components with real-time RESTful APIs, enhancing user experience.
- **Performance Optimization**: Improved load times with Webpack and Babel for better mobile and desktop performance.
- **Responsive Design**: Created adaptive UIs using CSS Grid, Flexbox, and Tailwind for cross-device functionality.
- **Code Quality**: Ensured high scalability, maintainability, and performance through thorough code reviews.

PROJECTS

E-commerce Industry – E-commerce Platform

Developed product listing and checkout pages using HTML, CSS, and ReactJS. Integrated REST APIs for real-time product data, ensuring responsive design with CSS Flexbox and Grid, enhancing user experience and operational efficiency.

Retail Industry – Inventory Management System

Created reusable ReactJS components, utilizing JavaScript for logic and CSS for styling. Implemented REST APIs for live stock updates, ensuring accurate inventory tracking and facilitating seamless transactions.

EDUCATION

Bachelor of Science in Computer Science   **Bengaluru, Karnataka**
St. Joseph's College   **2021**

ACTIVITIES, AWARDS & EXTRACURRICULAR

- **Cleared TCS National Qualifier Test (NQT) 2020**
- **NCC Cadet (2014)**
