[24]7.ai, Bengaluru— *Executive*

12/2020 - 08/2022

- Resolved technical issues and customized HTML pages for CRM users,ensuring smooth performance and user satisfaction.
- Developed HTML code, implemented new features and enhancements, and collaborated with cross-functional teams to integrate HTML pages into the CRM platform.

PROJECTS

React Portfolio -

- A good way to start to know my skills and the projects developed by me. This portfolio is created with **React.js** that is fully **responsive.**

Payment Page - EDYODA

- A payment page created for EDYODA which serves as a payment gateway for users to enroll in online courses. This project utilizes frameworks like **Create React App** along with tools like **Figma** for UI Design Users can conveniently choose their desired course and securely make payments through the platform.

Movie-app - CineScape

- Experience the ultimate movie discovery and tracking experience with our **Vue.js** web application. Our app is built with **Node.js** and seamlessly taps into IMDb's **API** to provide you with a captivating and user-friendly interface. Unleash your passion for movies and discover new favorites today !

AN EVENT MANAGEMENT PLATFORM - EventHub

- Our carefully chosen tools and frameworks enable a streamlined event planning process, ensuring a seamless experience for all. An event management website built with **WordPress** empowers users to effortlessly plan and book weddings, birthdays, and corporate events.
